Dear customers and partner,

We'd like to inform you about an important management change within our subsidiary Messe München do Brasil.

On February 5<sup>th</sup>, 2019, Ms. Monica Araújo has left our company and the position of Managing Director. We'd like to thank Ms. Araujo for her commitment to build up our business in Brazil within the last 16 months. During her term in 2018 the first M&T Expo as part of our worldwide bauma network was realized and upcoming further business activities have been prepared.

Until we introduce the new local management we are happy to announce that Ms. Katharina Schlegel from Messe Münchens Headquarter will steer the company as the general representative of the shareholders. Ms. Schlegel has been working at Messe München since 2009 in various functions, among other things as Head of our International Business or as Managing Director of our subsidiary Messe München India. Besides steering our Brazilian business for some time Ms. Schlegel is responsible for our IFAT shows worldwide in China, India, Turkey, and South Africa.

All other existing responsibilities within the team of Messe München do Brasils will remain the same and you can approach your local contact persons as usual.

We wish Ms. Schlegel and the whole team of Messe München do Brasil all the success for the future. Furthermore, we are looking forward to work with you trustfully hand in hand to create the business platforms that you and your industry need within Brasil and the Latin American market.

Thank you and kindest regards,

Stefan Rummel
